

FREMANTLE EASTERN BYPASS, DETAILED COMPARATIVE ANALYSIS

298. Hon J.A. SCOTT to the Minister for Transport:

- (1) Has the minister reneged on his promise to provide the Fremantle City Council with a detailed comparative analysis of the Fremantle eastern bypass and the upgraded Stock Road alternative?
- (2) If not, does the minister intend to provide this information, and when will it be provided?
- (3) If the minister has reneged on his promise, why has he done so, and has the analysis been carried out?

Hon M.J. CRIDDLE replied:

- (1)-(3) There has been extensive discussion between Main Roads WA, the Fremantle City Council and me. Those discussions are ongoing and there is a free-flow of information between Main Roads, the city council and me.
