

BUSSELL HIGHWAY — SPEED LIMITS

8280. Mr M.P. Murray to the Minister for Transport

I refer to my letter to the Minister dated 10 May 2012, regarding speed limits on the Bussell Highway near the turnoffs to the town site of Capel, and the Minister's response dated 15 June 2012, and ask:

- (a) has the Minister approached Main Roads WA and asked for a traffic survey of the described area following concerns raised by local residents; and
 - (i) if so, what is the time frame for the survey; and
 - (ii) if not, why not;
- (b) if a traffic survey is planned and a time frame has been set, when will the results be available; and
- (c) what is the process for action on traffic survey results?

Mr T.R. BUSWELL replied:

Main Roads WA advises:

- (a) Yes
 - (i) September 2012.
 - (ii) Not applicable
- (b) After completion of the traffic survey.
- (c) If a speed change is recommended then formal approval would be sought and the change implemented. If road layout changes are recommended these would normally be added to funding requests for upcoming budgets and implemented as priorities dictate.
