

PORT KENNEDY PROJECT, TABLING OF REPORT

669. Hon Jim Scott to the Attorney General representing the Minister for Planning:

The Minister for Planning's answer to question without notice 787 of March 22 2000 did not make it clear if the Minister is prepared to allow the tabling of the report and whether and when it will be made public. Can the Minister now clarify this matter?

Hon PETER FOSS replied:

The report will be tabled once the Minister for Planning has considered the developer's comments and determined any actions which may be appropriate.
