

MAIN ROADS — ROADSIDE ADVERTISING

821. Hon KEN TRAVERS to the parliamentary secretary representing the Minister for Transport:

- (1) What safety assessments did Main Roads WA undertake prior to approving billboards alongside freeways?
- (2) Will the minister table all reports or assessments that were relied upon to make the decision to trial the billboards?
- (3) If no to (2), why not?

Hon JIM CHOWN replied:

I thank the honourable member for some notice of this question.

- (1) Main Roads has developed “Advertising Sign Guidelines — A Guide to the Management of Roadside Advertising” to safely manage all types of advertising signs that are installed along highways, main roads and freeways.
- (2) The document is publicly available on the Main Roads public website; however, for members’ convenience, a copy of this publicly available report is tabled.
- (3) Not applicable.
