

RAILWAYS, MIDLAND STATION PLATFORM

35. Hon Bob Thomas to the Minister for Transport:

With regard to the new platform at the Midland Station for the Prospector and Avon Link passenger services -

- (1) Where will it be positioned in relation to the narrow gauge rail/road transfer station?
- (2) What shelter and services will be provided on the platform?
- (3) Who is constructing the new platform?
- (4) What was the tender price for the project?

Hon M.J. CRIDDLE replied:

- (1) A standard gauge track will be positioned to an existing platform on the southern side of Midland station.
- (2) The existing services and shelter at the Midland station will be utilised.
- (3) A new platform will not be constructed.
- (4) A tender for the work has not been called.
