

PORT CATHERINE DEVELOPMENT AGREEMENT, PUBLIC BOAT LAUNCHING FACILITIES

134. Hon Jim Scott to the Parliamentary Secretary representing the Minister for Planning and Infrastructure

- (1) Have options been developed for the proposed public boat launching facilities required by the Port Catherine Development Agreement contract?
- (2) If so, what sections of the foreshore are under consideration?
- (3) If no options have been considered, when will the Minister initiate planning for the consideration of public boat launching facilities?
- (4) Has any planning assessment or studies been conducted to determine the extent of regional recreation needs for this area of coastline?
- (5) If yes, will the Minister table those documents?

Hon GRAHAM GIFFARD replied:

1. No.
2. Not applicable.
3. The Port Catherine Project Agreement requires the developer to prepare and submit to the Western Australian Planning Commission a proposal for the construction of a public boat launching facility within the vicinity of the South Fremantle Power Station by the end of October 2003.
4. No.
5. Not applicable.
