

FOREST PRODUCTS COMMISSION — PLANTATION TIMBER

1309. Mr M.P. Murray to the Minister for Forestry:

I refer to the Forest Products Commission, and ask:

- (a) in the last five years how many hectares of plantation timber has been planted:
 - (i) by the Forest Products Commission, in 2008, 2009, 2010, 2011, 2012 and 2013; and
 - (ii) by privately owned growers in 2008, 2009, 2010, 2011, 2012 and 2013;
- (b) in the last five years, how many hectares of plantation timber, broken down into species type, has been planted:
 - (i) by the Forest Products Commission in 2008, 2009, 2010, 2011, 2012 and 2013; and
 - (ii) by privately owned growers in 2008, 2009, 2010, 2011, 2012 and 2013; and
- (c) of the number of hectares planted in the last five years, what is the breakdown of timber harvested by species for:
 - (i) 2008, by Forest Products Commission and private growers;
 - (ii) 2009, by Forest Products Commission and private growers;
 - (iii) 2010, by Forest Products Commission and private growers;
 - (iv) 2011, by Forest Products Commission and private growers; and
 - (v) 2012, by Forest Products Commission and private growers?

Mr D.T. Redman replied:

- (a)

(i)	Year	Hectares Planted
	2008	6,884
	2009	10,199
	2010	674
	2011	2,260
	2012	2,083
	2013	2,007
- (i) This information is not recorded by the Forest Products Commission.
- (b)
 - (i) [See paper 1205.]
 - (ii) This information is not recorded by the Forest Products Commission.
- (c)
 - (i)–(v) Of the area planted by the Forest Products Commission over the last five years, none of this area was harvested.

Information for private growers is not recorded by the Forest Products Commission.
