

BAYSWATER TRAIN STATION — UPGRADE

**291. Hon AMBER-JADE SANDERSON to the minister representing the Minister for Transport:**

I refer to reports that the Minister for Transport has made funding commitments for a Bayswater train station upgrade —

- (1) Can the minister confirm that he has made a commitment to upgrade the Bayswater train station?
- (2) If yes to (1), what is the total funding allocation he has made for the Bayswater train station upgrade?
- (3) What is the scope of the works that the minister has committed to?

**Hon JIM CHOWN replied:**

I thank the honourable member for some notice of this question.

- (1) The Public Transport Authority is in the early design stages for potential upgrades to Bayswater Station which will be considered towards the end of the Forrestfield–Airport Link project. This will take into account any changes to local planning. Some improvements are occurring in the coming year such as the current tender for the principal shared path and station car park upgrade works. These works will relocate the bike path from within the car park grounds.
- (2) Current funding for the principal shared path and car park works totals \$1 million.
- (3) Refer to (1).
