

ALCOA LIQUOR BURNER, RECOMMISSIONING

Petition

HON JIM SCOTT (South Metropolitan) [10.03 am]: I present the following petition containing 1 094 signatures -

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We, the undersigned residents of Western Australia, respectfully express our deep concern regarding the proposal to re-commission the Alcoa Liquor Burner at Kwinana.

Recommissioning of the Alcoa Kwinana Liquor Burner could increase the amount of allegedly harmful pollutants and suspected cancer causing compounds in the Kwinana Air Shed, which could lead to adverse human health impacts on the Alcoa employees and the surrounding residents.

Your petitioners therefore humbly pray that the Legislative Council will oppose the proposal to re-commission the Alcoa Liquor Burner at Kwinana.

And your petitioners as in duty bound, will ever pray.
