

CYCLE AND PEDESTRIAN PATH — MIDLAND

**193. Hon SAMANTHA ROWE to the parliamentary secretary representing the Minister for Transport:**

I refer to the Perth–Midland cycle and pedestrian path construction from East Street crossing to Morrison Road, Midland.

- (1) Why was the project completely carried out by Main Roads WA without any consultation with the Department of Environment Regulation in relation to the removal of 26 mature native trees, when residents were advised that vegetation clearing would be kept to a minimum?
- (2) What consultation was undertaken and what was the time frame for that consultation?
- (3) What feedback was received from the consultation process and was that feedback incorporated into the project?
- (4) Will Main Roads WA remove all billboard advertising signage from the East Street crossing to Morrison Road along Great Eastern Highway, which will be an obstruction blind spot in the line of sight for cyclists, pedestrians and motorists; and, if not, why not?

**Hon JIM CHOWN replied:**

I thank the honourable member for some notice of the question.

It is not possible to provide the information in the time available and I request the member place the question on notice.
