Question without Notice 548 — Answer Advice

HON JIM CHOWN (Agricultural — Parliamentary Secretary) [5.05 pm]: I have a response to question without notice 548 asked earlier by Hon Ken Travers.

- (1) The government has undertaken network benefit modelling to determine potential benefits, including vehicle operating cost savings, commercial travel time savings, private travel time savings and accident savings.
- (2) No.
- (3)–(4) The Roe Highway extension has had a robust estimate at P90 level prepared in association with a detailed business case for Infrastructure Australia. Estimates have been prepared for other elements of the project which will be further refined with the commonwealth.
- (5) 5.2.
