

WASTE CONTROL PTY LTD, BELLEVUE, GROUND WATER CONTAMINATION

1. Hon J.A. SCOTT to the minister representing the Minister for the Environment and Heritage:

- (1) Have any contaminants been detected in the ground water by testing at or near the Waste Control Pty Ltd fire site in Bellevue?
- (2) Will the minister table those results?
- (3) Does this represent a breakthrough of contaminants at the site?
- (4) Does this represent an abnormally rapid rate of movement of contaminants through soil?
- (4) Will the Department of Environmental Protection take immediate action to prevent further contamination of the ground water?

Hon TOM STEPHENS replied:

I thank the member for some notice of this question and ask that it be placed on notice.
