

KWINANA MOTORPLEX, NOISE MANAGEMENT AND RISK REPORTS

405. Hon J.A. SCOTT to the Minister for Sport and Recreation:

- (1) Have both the noise management report and the individual risk report for the Kwinana motorplex complex been completed?
- (2) If so, when will they be released?

Hon N.F. MOORE replied:

- (1)-(2) As I understand the question, those matters relate to another minister's portfolio. Although the Western Australian Sports Centre Trust is managing the construction of the facility, I understand that the question of approvals is one for the Minister for the Environment.

Hon J.A. Scott: You are supposed to provide the reports.

Hon N.F. MOORE: If the member had given me some notice of the question, I would have given him a definitive answer. At the moment I do not know, but I will check it for the member.
