

ALCOA WAGERUP ALUMINA REFINERY, FLEER REPORT RECOMMENDATIONS

462. Hon JIM SCOTT to the minister representing the Minister for the Environment:

I refer to the air, water and noise report carried out by auditor Frank Fleer on the Alcoa Wagerup Alumina Refinery.

- (1) Does the minister support the implementation of all the recommendations?
- (2) Have all the changes recommended by Fleer been implemented by Alcoa?
- (3) If no to (2), can the minister provide details of which recommendations have been implemented and which have not been implemented?
- (4) If recommendations have not been implemented, what action has been taken by the Department of Environmental Protection to cause Alcoa to implement them?

Hon KIM CHANCE replied:

I apologise. I have been through Hon Tom Stephens' file and the answer to that question is not there. If it appears during question time, I will provide the answer.
