

SEWAGE SPILL, COMPENSATION FOR AFFECTED RESIDENTS

230. Mr P.D. OMODEI to the Minister for Water Resources:

I ask a supplementary question. Will the minister direct the Water Corporation to buy affected homes if the residents do not want to return to their homes because they have been affected by raw sewage?

Dr G.I. GALLOP replied:

There is no suggestion that the recovery process in this matter cannot be completed successfully. As I said, the Water Corporation will follow the normal process.
