

PERTH FREIGHT LINK — 2017–18 STATE BUDGET

717. Hon RICK MAZZA to the minister representing the Minister for Transport:

I refer to the \$84 million provided for the Perth Freight Link finalisation in the recent budget papers.

- (1) Does the \$84 million provide for expenses in addition to compensation for contractors, such as revegetation; and, if so, what expenses will be met and at what cost?
- (2) Has the government reached final agreements for compensation with all contractors to the Roe 8 project?
- (3) If no to (2), how many agreements for compensation have been reached and how many are yet to be agreed?

Hon STEPHEN DAWSON replied:

I thank the honourable member for some notice of the question.

- (1) The \$84 million represents the written down capital value of the Perth Freight Link project, and includes \$5.7 million for restoration of the Roe 8 site and the costs of environmental offsets.
- (2) Yes.
- (3) Not applicable.
