

KALBARRI DISTRICT HIGH SCHOOL, UPGRADE

**244. Hon MURRAY CRIDDLE to the Minister for Education and Training:**

Will the minister please provide details of her government's financial commitments and time frames to upgrades and additions to the infrastructure at Kalbarri District High School?

**Hon LJILJANNA RAVLICH replied:**

I thank the member for some notice of this question.

Kalbarri District High School will be provided with \$8 million in the 2005-06 capital works program. It is anticipated that an architect will be appointed in mid-2005 to enable consultation, planning and documentation to be commenced. A planned time frame for the commencement of consultation is March 2006 with an estimated completion date of early 2007.
