

**WIRELESS HILL PARK, EXCISION OF LAND**

*Petition*

Hon Jim Scott presented the following petition bearing the signatures of 134 persons -

**To the President and Members of the Legislative Council in Parliament assembled.**

We the undersigned residents of Western Australia are opposed to the proposal to excise land from Reserve A28913 (Wireless Hill Park) Ardross and rezone it from Parks and Recreation to Residential for the following reasons:

- The heritage-listed buildings are a unique and valuable community asset.
- Community consultation on this proposal has been grossly inadequate.
- Development will pose a serious detriment to the character and amenity of this area if the land is excised and passes into private ownership or control.

We ask that the Legislative Council:

- Reject the proposed excision (Notice of Intention to Excise Class A Reserve A28913 Wireless Hill Park) and ensure that the community be fully consulted, and
- Investigate whether the heritage values of Wireless Hill including existing buildings on Hickey Street would be adequately protected if this land were excised.

Your petitioners as in duty bound will ever pray.

[See paper No 1308.]
