

DEPARTMENT OF ENVIRONMENTAL PROTECTION, ALUMINA RED MUD WASTE

49. Hon Jim Scott to the Minister for Housing representing the Minister for the Environment and Heritage

(1) Has the Department of Environmental Protection finalised a Code of Practice for the release and spreading of alumina red mud waste?

(2) Will the Minister table this Code of Practice?

Hon TOM STEPHENS replied:

(1) Agriculture Western Australia is the agency responsible for the distribution and use of bauxite residue as an agricultural soil amendment and has developed and finalised the Code of Practice for its distribution and use.

(2) The Code of Practice can be obtained from Agriculture Western Australia .
