

MENTAL HEALTH — AT-RISK CHILDREN

915. Ms L. METTAM to the Minister for Mental Health:

I have a supplementary question. When will the outstanding recommendation for reconfiguration of ward 5A be complete?

Ms A. SANDERSON replied:

The Leader of the Liberal Party is conflating two completely different issues; that is fine.

The SPEAKER: Minister, if that is the case, then the supplementary is probably out of order, if it does not relate to the first question.
