

FIONA STANLEY HOSPITAL — PUBLIC TRANSPORT

1113. Hon SAMANTHA ROWE to the parliamentary secretary representing the Minister for Transport:

I refer to the difficulties that will likely be experienced by residents of Belmont in taking public transport to Fiona Stanley Hospital.

- (1) How will people from Belmont travel to Fiona Stanley Hospital via public transport?
- (2) How long will this journey take?

Hon JIM CHOWN replied:

I thank the honourable member for some notice of the question.

- (1) Passengers wishing to access the Fiona Stanley Hospital from the Belmont area should use bus route 98 and on their return journey bus route 99 from the Fiona Stanley Hospital.
- (2) Journey times vary according to the time of day, day of the week and point at which a passenger boards. Hang on! I have the wrong answer here. There was an amendment to the answer.

Hon Samantha Rowe: Shall we start again? It is C1184.

Hon JIM CHOWN: Yes; that is all right. The answer to (1) is correct. I will continue with the answer to (2) —

Journey times vary according to the time of day, day of the week and point at which a passenger boards. For more timetabling information, refer to the Transperth timetables that are available physically, online and through utilising the Transperth smartphone app. Alternatives are available travelling via Perth on bus routes 36, 37, 38, 39, 40, 288, 295, 296, 298 and 299 and then transferring to the Mandurah line to Murdoch station.

The PRESIDENT: We will read *Hansard* to find the details of that answer!
