

PRINCESS MARGARET HOSPITAL SITE — REDEVELOPMENT

460. Hon NEIL THOMSON to the minister representing the Minister for Planning:

I refer to the development at the Princess Margaret Hospital site.

- (1) What is the estimated number of car bays, within a likely range, to be included in the apartment and mixed use development at that site?
- (2) Has Development WA undertaken any traffic modelling for the impacts of (1) on Thomas Street and Roberts Road?
- (3) If yes to (2), can the traffic modelling be made public?

Hon SUE ELLERY replied:

I thank the honourable member for some notice of the question.

- (1) There are an estimated 1 435 total car bays for the precinct.
- (2)–(3) Modelling has been undertaken and is publicly available.

I table the report. The honourable member might live to regret it.
