

FINANCE — LAND TAX

723. Dr D.J. Honey to the parliamentary secretary to the Minister for Finance:

I refer to land tax information for the 2021/22 year, and ask:

- (a) What was the number of identifiable land tax payers registered for land tax for residential properties in Western Australia;
- (b) How many residential properties were within the land tax scope;
- (c) What was the total land tax revenue for residential properties;
- (d) How many of those land taxable residential properties were in the Perth metropolitan area;
- (e) What was the total land tax revenue for the metropolitan properties;
- (f) What is the number of identifiable land tax payers paying land tax for commercial properties in WA;
- (g) What was the land tax revenue sourced from land tax on commercial properties;
- (h) How many land tax payers have only one residential investment property;
- (i) How many land tax payers have two residential investment properties;
- (j) How many land tax payers have three to five residential investment properties; and
- (k) How many land tax payers have six or more residential investment properties?

Dr J. Krishnan replied:

- (a)–(k) This detailed information is not readily available and would require considerable time to collate and prepare, which would divert staff away from their normal duties. It is not considered to be a reasonable or appropriate use of government resources to provide this level of information.
