

LEVEL CROSSINGS — MAIN ROADS REVIEW

267. Ms M.J. DAVIES to the Minister for Transport:

I refer to the Main Roads review of passive level railway crossings and advice to Ms Lara Jensen on 2 November 2022 that the final report on this review was anticipated within two months. I note it is now nearly six months since that advice.

- (1) Has this review been completed; and, if so, when will it be released?
- (2) At the bare minimum, will the minister commit to replacing every Give Way sign on passive crossings in WA with a Stop sign?
- (3) Why has the government failed to provide funding to release Western Australia's share of the commonwealth's \$180 million rail safety funding program?

Ms R. SAFFIOTI replied:

- (1)–(3) In relation to that question, the answer to (3) is that it is incorrect. In relation to the first two questions, the review has been completed, the advice is with me and I will be making announcements very soon.
