

PLANNING COMMISSION — SUBCOMMITTEES

Point of Order — Question without Notice 1117 — Answer

Hon NEIL THOMSON: I ask the Leader of the House to reflect on the answer to question without notice 1117 in which the response was that there is no Perth Capital City Planning Committee. As of today, there is a Perth Capital City Planning Committee on the website, so I ask the Leader of the House to reflect on that matter and provide an answer about the number of meetings.

Hon Sue Ellery: I am happy to reflect on that, but I am not sure that that is a point of order.

The PRESIDENT: Thank you, Leader of the House. I will respond to the point of order.

That is not a point of order, member, and there is no opportunity or platform for you to ask such a question or make a statement immediately after question time. Perhaps members' statements might be the best place for statements in relation to concerns about answers to questions.
