

MAX LIGHT RAIL — BOARDING TRANSFERS FROM CAT SERVICE

285. Hon KEN TRAVERS to the parliamentary secretary representing the Minister for Transport:

I refer to the Minister for Transport's claim last week that approximately 50 per cent of the estimated boardings on the Metro Area Express light rail system will be transfers from the central area transit services.

- (1) What is the exact percentage of the estimated boardings on MAX that will be transfers from CAT services?
- (2) How many of the transfers from CAT services would be on the northern leg from Yagan Square to Mirrabooka?
- (3) How many of the transfers from CAT services would be on the east-west leg from Victoria Park to Queen Elizabeth II Medical Centre?

Hon JIM CHOWN replied:

I thank the member for some notice of this question.

- (1) The MAX light rail system is planned to replace the red CAT service between East Perth and West Perth.
- (2) Nil, as no CAT service runs on the MAX alignment north of Yagan Square.
- (3) See (1) above.
