

SOUTH COAST MARINE PARK

586. Hon COLIN de GRUSSA to the parliamentary secretary representing the Minister for Environment:

I refer to the community reference committee convened to assist with the development of the Indicative Management Plan for the South Coast Marine Park.

- (1) Following the final meeting of the CRC on 29 and 30 March 2023, did the chair of the CRC provide a report to the minister or the Department of Biodiversity, Conservation and Attractions?
- (2) If yes, can the minister please table that report?

Hon DARREN WEST replied:

I thank the honourable member for some notice of the question. I provide the following answer on behalf of the Minister for Environment.

- (1)–(2) The planning process for the proposed south coast marine park is ongoing. The DBCA is developing a community newsletter to communicate the conclusion of the CRC process. The minister will table the newsletter in due course. All Western Australians will have the opportunity to provide feedback on the indicative management plan and proposed zoning scheme during a 90-day public comment period later this year.
