

KENWICK TRAIN STATION — UPGRADES

235. Hon SAMANTHA ROWE to the parliamentary secretary representing the Minister for Transport:

- (1) Will the car park at the Kenwick train station remain open during the upgrades?
- (2) If yes to (1), how will commuters who walk, ride or park at the Kenwick station now access the Armadale train line?
- (3) If no to (1), what arrangements have been put in place at other stations to accommodate commuters who currently use Kenwick station?

Hon JIM CHOWN replied:

- (1) No.
- (2) Not applicable.
- (3) Passengers who would usually use Kenwick station will be able to access bus routes 220 on Albany Highway and 229 on Kenwick Road, which connect to Armadale, Maddington, Cannington and Perth. Alternatively, passengers can choose to use Park 'n' Ride facilities at nearby adjoining stations to access train services.
