

LOCAL GOVERNMENT LEGISLATION AMENDMENT BILL 2019

EXPLANATORY MEMORANDUM

OVERVIEW OF THE BILL

The *Local Government Act 1995* provides the framework for local governments within Western Australia. Local government is an important tier of government and makes a significant contribution to the Western Australian way of life. Local government is a major provider of government services and infrastructure and supports economic development, community vibrancy and inclusiveness.

The *Local Government Act 1995* is an outdated piece of legislation. While there have been amendments since it was introduced in 1995, there have not been substantial amendments to reflect the changing expectations of the community or the advances in technology. We need local governments to be agile, smart and inclusive.

The reforms in this Bill are aimed at the governance level of local governments and increasing accountability to the community. The Bill introduces the measures to ensure that council members have the skills and tools to be able to competently and appropriately perform their role.

Universal Training

To ensure that council members have the necessary training to understand and carry out their role, universal training for candidates and council members is being introduced. This consists of the following requirements:

- all candidates to complete an online induction prior to nominating for election;
- all council members to complete prescribed training within twelve months of being elected;
- all local governments to prepare and adopt a council member training policy for ongoing professional development; and
- all local governments to annually report on the training completed by each council member.

The Bill provides a head of power for, if required in the future, regulations to introduce a penalty if a council member fails to complete the prescribed training.

Council Member Behaviour

In addition to improving the skills and knowledge of council members by introducing training, the Bill includes clear expectations and improved mechanisms for holding council members accountable for their behaviour. The Bill provides for the following:

- Introduction of a mandatory Code of Conduct to which all council members must comply. The regulations will prescribe a model Code of Conduct which must include:
 - general principles to guide the behaviour of council members;
 - requirements relating to the behaviour of council members; and
 - rules of conduct.

- The Code of Conduct is to apply to candidates in the same way it applies to council members. An alleged breach of the Code of Conduct by a candidate will only be able to be referred to the Local Government Standards Panel if the candidate is elected.
- Adoption of an employee Code of Conduct by all local governments.

To improve the transparency, accountability and overall outcomes of the minor breach system, the following changes to the Standards Panel are being introduced:

- the power to order a council member to reimburse the local government for the cost of the panel proceedings for adverse findings;
- reducing the time period for complaints to be lodged from two years to six-months; and
- a power for the Standards Panel to request that both parties to a complaint participate in mediation before the panel deals with the complaint.

Gifts

Given the important role of council members and many local government employees as decision-makers in positions of power, the public has a reasonable expectation that the decisions that a local government makes are free from improper influence. A new framework for the receipt of gifts has been developed and amendments reflecting this are included in this Bill.

Elected members and Chief Executive Officers (CEOs) will be required to declare all gifts over a prescribed amount that are received in the ordinary course of their duties as an elected member or CEO. All gifts must be disclosed within ten days of receipt and published on the online gift register within ten days.

Receipt of any gift over the threshold (including gifts received in other than an official capacity) will prohibit the elected member from voting on or participating in matters before the council concerning the donor of the gift for the period of their term unless approval is given by the council or Minister. The CEO is prohibited from giving advice on a matter involving the donor of a gift that they have received unless approval is given by the council or Minister.

To improve transparency, local governments must also prepare and adopt a policy that relates to the attendance of council members and CEOs at events such as concerts, conferences and functions.

A gift of a ticket to, or that otherwise relates to a person's attendance at, an event that is in accordance with the policy will be exempted from the conflict of interest provisions. The council member (or CEO) will not be required to disclose the interest if the donor has a matter before council and will be able to participate in the decision-making (or the provision of advice for the CEO).

CEO Recruitment and Performance Management

Given the importance of the CEO position in local government and growing concerns regarding CEO performance and management, legislative amendments are being introduced to require local governments to adopt minimum standards in relation to CEO recruitment and selection, performance review and dismissal.

Local governments will be required, under the new provisions, to adopt model standards for the recruitment, performance management and early termination of the CEO. They will also be required to develop a policy that provides the processes for filling a temporary CEO vacancy.

Greater Accountability to the Community

Reforms have been drafted to enable local governments to be more efficient and flexible, and to ensure that the community and other stakeholders have greater access to information held by the local government.

Information that is currently only available to the community at the local government office during business hours will now be required to also be made available on the local government's website. The information required to be published on the website includes:

- a map of the district showing the district and ward boundaries;
- local laws made by the local government;
- the annual budget;
- fees and charges schedule;
- current plans for the future of the district;
- minutes of council or committee meetings and electors' meetings; and
- notice papers and agenda relating to council or committee meetings and other documents tabled at these meetings.

Copies of the gifts register, the codes of conduct and policies referred to above will also be required to be published on the local government's website.

The requirements for local and State-wide notices will be included in regulations to enable the flexibility required to adapt to changes in technology and community expectations.

To encourage local governments to live stream meetings, statutory protection for the local government from publishing defamatory comments has been provided in the Bill.

Administrative Efficiencies

Provisions are included in the Bill to improve the operations of local governments without having an adverse impact on the community.

The Bill standardises the appointment of authorised officers across the following pieces of legislation:

- *Caravan Parks and Camping Grounds Act 1995*;
- *Cat Act 2011*;
- *Cemeteries Act 1986*;
- *Control of Vehicles (Off-road Areas) Act 1978*;
- *Dog Act 1976*; and
- *Local Government Act 1995*.

The CEO is provided the power to appoint an authorised person or class of persons.

The Bill includes transitional provisions to ensure that existing appointments continue to have effect.

The category of 'senior employees' has been removed to provide greater clarity on the separate roles of the council and the administration.

Part 2 of the Bill contains the amendments to the *Local Government Act 1995* that give effect to the above provisions.

Part 3 of the Bill contains amendments to the *Local Government (Miscellaneous Provisions) Act 1960* to provide administrative efficiencies.

Part 4 of the Bill amends a number of other Acts in the local government portfolio to harmonise the appointment of authorised officers introducing further efficiencies.

Clause 5 – Sections 1.7 and 1.8 replaced

Section 1.7 – Local Public Notice

This section provides the requirements for what constitutes a local public notice under the *Local Government Act 1995*.

Clause 6 – Section 1.10 deleted

This clause removes the definition of a special majority decision.

This amendment is made to remove all special majority decisions of the council of the local government from the *Local Government Act 1995*. This only affects councils with more than 11 offices of members of council.

Special majority decisions are being replaced by absolute majority decisions which currently apply if there are 11 or fewer members of council.

This section provides the mechanism for a local government to change the method of filling the office of mayor or president from a councillor mayor or president to an elector mayor or president.

Clause 10 – Section 3.17 amended

Subsection (2) is an amendment as a result of changes made by subsection (1).

Heading of the section is amended — 'Candidates' details and profiles to be published on website'.

Subsection (1) provides that the performance of the CEO must be reviewed if they are employed for a term longer than 1 year.

Subsection (3) requires that a review of the performance of the CEO and other employees must be completed at least once for each year they are employed.

Clause 23 – Section 5.39 amended

This section provides for the employment contracts and remuneration of local government CEOs.

Subsection (6) places a requirement upon the CEO to publish an up-to-date version of the adopted standards on the local government’s official website.

Subsection (7) provides the ability for regulations to be developed on:

Clause 30 – Part 5 Division 6 Subdivision 1A inserted

The heading for subdivision 1A is inserted — ‘Preliminary’.

Section 5.57 – Terms used

Section 5.57 defines the terms used in this division.

The term ‘gift’ means a conferral of a financial benefit (including a disposition of property) by one person in favour of another person unless adequate consideration in money or money’s worth passes from the person in whose favour the conferral is made to the person who makes the conferral. Travel contributions are to be included in this definition.

The definition is used for the purposes of disclosure and in establishing interests in a matter.

The term ‘travel’ includes accommodation incidental to a journey.

The term ‘travel contribution’ means a financial or other contribution made by one person to travel undertaken by another person.

Travel will no longer be considered separately from a gift under the Act.

Section 5.58 – Provisions about gifts

Subsection (1) provides for the purpose of this division:

- the amount of a gift comprising property or the conferral of a financial benefit is taken to be an amount equal to the value of the property or financial benefit at the time the gift was made; and
- the amount of a gift comprising a travel contribution (other than a financial contribution) is taken to be an amount equal to the value of the contribution at the time the gift was made.

Subsection (2) provides that where a gift is made by two or more related bodies corporate (as defined in the *Corporations Act 2001* (Cth)) are taken to be given by a single corporation.

This section captures elements of the existing sections 5.82 and 5.83 which are being deleted by clause 40.

Clause 31 – Section 5.59 amended

Section 5.59 inserts a new definition of interest relating to a gift. Section 5.60 describes when a person has an interest in a matter affecting a local government decision. The concept of closely associated person is further expanded in section 5.62 and extends to a council member receiving an electoral gift ((1)(ea)), and a council member ((1)(eb)) or CEO ((1)(ec)) receiving a gift.

The definition of the term 'relevant person' is amended to incorporate the new section 5.71A (CEOs to disclose interests relating to gifts in connection with advice or reports) inserted by clause 36 of the Bill.

Clause 32 – Section 5.62 amended

This section provides the framework to establish who is classified as a closely associated persons (for the purpose of section 5.60).

Subsection (1)(a) reflects changes made to the definition of “notifiable gift” under subsection (3) of this section.

Subsection (1)(b)(eb) provides that a person becomes a closely associated person of a council member if they give the council member a gift. It also reflects that contributions to travel will no longer be treated differently from other gifts.

The new subsection (1)(ec) provides that a person becomes a closely associated person of a CEO if they give the CEO a gift.

The effect of being a closely associated person is that the council member or CEO has an interest in a matter under section 5.60. Sections 5.65, 5.67 and 5.69B then apply in relation to disclosure and provide restrictions on participation in meetings (or parts thereof) and providing advice.

Subsection (2) inserts a new subsection (1A) that provides that this subsection applies to a gift that either:

- exceeds the amount set in regulations for the purposes of the subsection, or
- is one or more gifts made by one person to a relevant person at any time during a year and the sum of the amounts of those gifts exceed the amount for the purposes of the subsection,

and the gift is not an excluded gift.

The new subsection (1B) provides that an excluded gift is a gift of a ticket to, or that relates to, the person’s attendance at an event that has been approved by the local government in accordance with the attendance at events policy (under section 5.90A).

The effect of this is to exempt such a gift from the conflict of interest provisions. The council member (or CEO) will not be required to disclose the interest if the donor has a matter before council and will be able to participate in the decision-making (or the provision of advice for the CEO).

An excluded gift can also be a class of gifts that are set in regulations. This will include gifts received from the State or Commonwealth government, WA Local Government Association or other local governments.

Subsection (3) changes the defined term 'notifiable gift' to 'electoral gift'. This has been changed to make it clear what the type of gift is.

Clause 33 – Section 5.68 amended

The *Local Government Act 1995* provides that a council member who has disclosed an interest in a matter is not to participate in that part of the meeting. Section 5.68 permits a council or a committee of a local government to allow a member to participate if they decide that the interest is so trivial or insignificant that it is unlikely to influence the person's decision-making (or that the interest is common to a significant number of electors or ratepayers).

This clause inserts subsection (1A) which provides that where the interest relates to receipt of a gift, the council or committee cannot make such a decision if the gift (or 1 of 2 or more gifts from that donor) exceeds an amount to be set in regulations. This is proposed to be \$1,000.

Subsection (2) introduces a requirement that when decisions are made concerning an interest relating to a gift, certain information, including the reason for allowing participation, is to be recorded in the minutes.

Clause 34 – Section 5.69 amended

This section provides that the Minister can allow members disclosing interests to participate in meetings.

This amendment introduces the requirement that a decision made by the Minister under this section needs to be recorded in the minutes.

Clause 35 – Section 5.70 amended

This section provides the obligations for employees of a local government in respect to disclosing interests relating to advice and reports.

Subsections (1) and (3) are a drafting improvement which shows that a penalty applies to both subsections.

Subsection (2) provides that if the council or Minister decides under the new section 5.71B that the CEO can give advice, the CEO is still required to disclose the interest when doing so.

Clause 36 – Sections 5.71A and 5.71B inserted

Section 5.71A – CEOs to disclose interests relating to gifts in connection with advice or reports

This new section outlines the CEO's obligations in respect to disclosing an interest that relates to a gift when providing advice or a report to the council or committee of the local government.

Subsection (1) provides that a CEO must disclose the nature of any interest (as defined in Part 5 Division 6) that the CEO has, when providing any advice or report directly to council or a committee.

If the CEO fails to disclose the interest, they commit an offence and are liable to a penalty of 2 years imprisonment or a fine not exceeding \$10,000.

Subsection (2) provides that if the CEO has an interest relating to a gift, they must not provide advice or a report on a matter to council or a committee unless they receive approval from the council or the Minister.

Contravention of this provision is an offence and the CEO is liable to a penalty of 2 years imprisonment or a fine not exceeding \$10,000.

Subsection (3) provides that a CEO must disclose if they have an interest relating to a gift in a matter before council or a committee where an employee of the local government (including someone under a contract of services with the local government) is providing advice or a report on the matter.

If the CEO fails to disclose the interest they commit an offence and are liable to a penalty of a fine of \$10,000 or 2 years imprisonment.

These provisions will prevent influence on advice being provided to a council where a gift has been received by the CEO.

Section 5.71B – Council or Minister may allow CEOs to provide advice or reports

This new section introduces the ability for the council or Minister to approve a CEO who has an interest due to receipt of a gift, to provide advice or a report to council or a committee.

Subsection (1) defines a relevant gift as a gift disclosed under section 5.71A(1).

Subsection (2) provides that that where the gift received by the CEO does not exceed an amount set in regulations (proposed to be \$1,000), council can allow the CEO to provide advice on the matter if receipt of the gift (or 1 of 2 or more gifts from that donor) is unlikely to influence the advice.

Subsection (3) requires a decision made by council under subsection (2) to be recorded in the council minutes.

Subsection (4) provides that if the gift received by the CEO exceeds an amount set in regulations, an application can be made to the Minister to allow the CEO to provide advice on a matter.

Subsection (5) provides that the application to the Minister is to include details of the interest disclosed and any other information required.

Subsection (6) provides that if the Minister is of the opinion that it is in the interests of the ratepayers or electors, approval can be given for a CEO to provide advice or a report

on a matter in which they have an interest relating to receipt of a gift. The Minister can place any conditions on the determination.

Subsection (7) requires a decision made by the Minister under subsection (6) to be recorded in the council minutes.

Subsection (8) clarifies that a relevant gift could be 1 or more gifts made by 1 person over a period of 12 months.

Clause 37 – Section 5.72 amended

This clause reflects the introduction of section 5.71A and the amendments made to section 5.70 to provide protection to the CEO if they did not know that they had an interest in a matter.

Clause 38 – Section 5.73 amended

This clause reflects the introduction of section 5.71A and requires that disclosures by a CEO under the section 5.71A are recorded in the minutes of the meeting.

Clause 39 – Section 5.74 amended

This is a drafting correction as the reference to gifts or contributions to travel is no longer relevant as these are no longer included in annual or primary returns.

Clause 40 – Sections 5.82 and 5.83 deleted

This clause deletes the current 'Gifts' and 'Contribution to travel' provisions.

These sections have been replaced by the new sections 5.57, 5.58, 5.87A, 5.87B and 5.87C.

Clause 41 – Part 5 Division 6 Subdivision 2A inserted

The heading for subdivision 2A is inserted — 'Disclosure of gifts'.

Section 5.87A – Council members to disclose gifts

Subsection (1) provides that a council member must disclose a gift received. Subsection (3) provides exceptions to this requirement.

If a council member fails to disclose a gift they are liable to a penalty of a fine of \$10,000 or two years imprisonment.

Subsection (2) provides the disclosure must be in writing to the CEO.

Subsection (3) provides the council member does not commit an offence under subsection (1) if:

- the amount of the gift did not exceed the amount set in regulations; or
- the gift was not received in the person's capacity as a council member.

If a gift is one or more gifts made by one person to the council member at any time during a year the amount is the sum of the amounts of those gifts.

Subsection (5) clarifies subsection (3) by providing that a gift is not received in the person's capacity as a council member if they would have received the gift even if they were not a council member.

The onus is on the council member to show that any gift that was received was not received because of that role and that the value of the gift(s) was below the prescribed amount.

Section 5.87B – CEOs to disclose gifts

Subsection (1) provides that a CEO must disclose a gift received. Subsection (3) provides exceptions to this requirement.

If a CEO fails to disclose a gift they are liable to a penalty of a fine of \$10,000 or two years imprisonment.

Subsection (2) provides the disclosure must be in writing to the mayor or president.

Subsection (3) provides the CEO does not commit an offence under subsection (1) if:

- the amount of the gift did not exceed the amount set in regulations; or
- the gift was not received in the person's capacity as a CEO.

If a gift is one or more gifts made by one person to the CEO at any time during a year the amount is the sum of the amounts of those gifts.

Subsection (5) clarifies subsection (3) by providing that a gift is not received in the person's capacity as a CEO if they would have received the gift even if they were not the CEO.

The onus is on the CEO to show that any gift that was received was not received because of that role and that the value of the gift(s) was below the prescribed amount.

Section 5.87C – Provisions about disclosure

Subsection (2) provides the disclosure is to be made within 10 days of receiving the gift.

Subsection (3) provides the disclosure must include:

- a description of the gift;
- the name and address of the person who made the gift;
- the date on which the gift was received;

- the estimated value of the gift;
- the nature of the relationship between the donor and the recipient; and
- in the case of a travel contribution—
 - a description of the travel, and
 - the date of the travel.

Clause 42 – Section 5.88 amended

This section outlines the requirements pertaining to the register of financial interests kept by the CEO of the local government.

Subsection (1) is an amendment to include a reference to the new section 5.71A, requiring the CEO's disclosures of interest be entered into the register of financial interests.

Subsection (2) places a requirement upon the CEO to publish an up-to-date version of the register on the local government's official website.
