

ESTIMATES AND FINANCIAL OPERATIONS COMMITTEE

2017-18 Budget Estimates Hearings - Additional Questions

Department of Fire and Emergency Services

Hon Martin Aldridge MLC asked:

1. I refer to the Volunteer Emergency Services Fuel Cards administered by the Department and I ask:

- (a) Who made the decision to reduce the fuel card value from \$2,000 to \$1,000 and on what date did this occur;

The decision to fund the extension of the program and amend the regional component of the Fuel Card Scheme to \$1,000 was made as part of the Royalties for Region budget review process.

The decision to align the metropolitan component with the regional component was made on 16 October 2017.

DFES received advice of this decision on 1 November 2017.

- (b) For 2016-17 which Brigades, Groups or Units (BGUs) applied for and received a card;

At the commencement of the Scheme in 2015-16, 813 BGUs applied for and received fuel cards. As a one off policy decision, due to the late commencement of the Scheme in 2015-16, BGUs were not required to apply for cards again in 2016-17 but simply had their fuel cards topped up with an additional \$2000 allocation for that financial year. In addition, any unspent funds from 2015-16 were rolled over into 2016-17. For a list of BGUs please see attachment A.

- (c) For each BGU identified in (b) please list the expenditure for each BGU on the card in 2016-17;

Refer Attachment B for a list of 2016-17 BGUs fuel card expenditure.

- (d) How many BGUs expended in excess of \$1,000 of their card value in 2016-17;

646.

- (e) Has any BGU had their card cancelled or application rejected by the department from non-compliance with the issuing guidelines;

No

- (f) Will the criteria for the card be amended for use on items other than fuel;
There are no plans to amend the card for use on items other than fuel.
- (g) On what date did the department advise BGUs of the change in policy for the card and please provide a copy of that correspondence;

DFES has not corresponded with BGUs regarding the change in policy as yet as formal advice of this Cabinet decision was only received by DFES on the 1 November 2017.

However DFES has advised Volunteers that the roll out of cards for 2017/18 has been delayed due to budget deliberations.

- (h) What allocation is made in each year from 2017-18 until 2020-21 for the fuel card and please break down this figure by funding source (i.e. consolidated fund and royalties for regions); and

	2017-18	2018-19	2019-20	2020-21
	\$'000	\$'000	\$'000	\$'000
Royalties for regions	1,000	1,000	1,000	1,000
Consolidated account	139	139	-	-

Please note, the 2019-20 and 2020-21 funding for the Metropolitan fuel card is provided for by the adjustment in value of the card in 2017-18 and 2018-19

- (i) For each year from 2017-18 until 2020-21 please advise how much of the program cost will be expended in administration breaking that figure down to costs associated with the department and the contractor supplying the card?

DFES Salaries and administration costs – \$0.1 million per annum.

Contractor costs (card, postage, printing, etc.) – \$0.052 million per annum.

2. I refer to any plans that the department has for assessing risk and other measures for the future location of fire stations and other emergency services and I ask:

- (a) Which locations are identified as the next priority for a Volunteer Fire and Rescue Service station or a Career Fire and Rescue Service Station; and

The details requested are considered cabinet in confidence. These decisions will be announced in due course.

As per the 2017/18 budget estimates, the Cockburn Central Career Fire and Rescue Service Station commencing 2017-18 is the next priority (this is a replacement for Success CFRS Station).

- (b) Which locations are identified as currently experiencing an inadequate service provision relevant to risk.

DFES has a process for identifying locations potentially experiencing an inadequate service.

Local Governments, in consultation with DFES, identify future Bush Fire Brigades' (BFB) requirements for both replacement BFB facilities and additional brigades, which is very rare.

DFES undertakes an annual review of fire district boundaries to consider any potential changes to the risk profile or service delivery as per *Standard Administrative Procedure 5.7.A – ESL Boundary Review*. Consultations with local government commence in mid November each year.

3. I refer to supplementary information D3 taken during estimates hearing and I ask with respect to each VFRS station:

- (a) When was the station constructed;

Refer ATTACHMENT C: VFRS LAND TENURE AND BUILD DATE

- (b) When was the last Building Condition Audit (BCA) conducted and please provide each report;

The last BCA was conducted by BMW in August 2017.

BCA Reports for all VFRS facilities were provided with answer to Supplementary Question D3.

- (c) Who is the owner of each station; and

Refer ATTACHMENT C: VFRS LAND TENURE AND BUILD DATE

In summary, the State owns all but the following four VFRS facilities – Roleystone, Southern Cross, Bunbury and Northampton.

- (d) What funds are allocated between 2017-18 and 2020-21 for VFRS station replacement, refurbishment and maintenance respectively?

Refer ATTACHMENT D: VFRS REPLACEMENT REFURBISHMENT AND MAINTENANCE FUNDING SOURCES

4. I refer to pages 5 and 6 of the estimates transcript in relation to bushfire risk management plans and I ask:

 - (ix) Coorow
 - (x) Harvey
 - (xi) Wagin
- (g) Mr Fewster at page 6 of the estimates transcript mentions that ‘staff support’ will vary from what was previously offered, please explain this difference in further detail?

The type of staff support will vary from last financial year as the Bushfire Risk Planning Coordinators (BRPC’s) will spend a large percentage of their time in the new 11 Local Governments (LG’s) to develop their plans and carry out the risk assessment process but are also allocated time to assist the original 16 LG’s with updates and assistance as required. The Bushfire Risk Management Officers (BRMO’s) time will increase in the original 16 LG’s as they work with the identified stakeholders to develop and implement risk treatment plans.

NOTES				
N1	Urgent Minor Works funds DFES' Facility Modifications Program (FMP) devoted to capital improvements to building assets. The FMP is informed by ongoing functional and operational gap audits, Building Condition Assessments, and business unit improvement submissions and includes provision for:			
N2	a. Programs to automate Appliance Bay doors, upgrade Breathing Apparatus facilities, upgrade ablation facilities to all VFRS/VFES stations.			
N2	b. Projects specific to VFRS/VFES stations to undertake building modifications to align stations with DFES objectives.			
N3	FMP currently includes VFRS estimated costs of \$1,471,000 for planned works.			
N3	FMP currently includes VFRS estimated costs of \$1,925,000 for planned works. This is likely to increase as the relevant programs gain further definition.			
N4	FMP for these years is yet to be specified.			
N5	The Accommodation Expenditure line item includes provision for Building Maintenance which includes Breakdown Repairs, Routine Maintenance, General Restoration, and Minor Improvements for all DFES services.			
N6	Building Maintenance also includes a Minor Improvements Program (MIP) devoted to minor asset improvements and refurbishment.			
N7	MIP currently includes VFRS estimated costs of \$581,000 for planned works.			
N8	MIP for these years is yet to be specified.			

ESTIMATES AND FINANCIAL OPERATIONS COMMITTEE

2017-18 Budget Estimates Hearings - Additional Questions

Department of Fire and Emergency Services

Hon Dr Steve Thomas MLC asked:

1. I refer to 2017-18 Budget paper 2 volume 1 page 327 line item Volunteer Fuel Card and 2017-18 Budget Paper 3 page 225 Royalties for Regions Expenditure line item Volunteer Fuel Card and I ask:
 - (a) What was total estimated actual or actual amount paid to emergency services volunteers under the Volunteer Fuel Card program in 2016-17 across the entire state of Western Australia;

\$1.911 million.
 - (b) What was the total estimated actual or actual amount paid to emergency services volunteers in 2016-17 under the Volunteer Fuel Card program in regional areas as defined by the *Regional Development Commissions Act 1993* Schedule 1:

\$1.715 million.
 - (i) How much of the money identified in part (b) came from the Royalties of Regions fund;

All funds were from the Royalties for Regions Fund.
 - (ii) How much of the money identified in part (b) came from the Department of Fire and Emergency budget; and

All, however the funding source was from the Royalties for Regions Fund.
 - (iii) What transfers of funding occurred between the Royalties for Regions fund and Department of Fire and Emergency Services budget to provide for the Volunteer Fuel Card in 2016-17 and 2017-18 respectively;

2016-17: None, as unspent funds from 2015-16 were approved to be carried over and spent in 2016-17.

2017-18: None as transfers are yet to occur.

- (c) What was the total estimated actual or actual amount paid to emergency services volunteers in 2016-17 under the Volunteer Fuel Card program in the metropolitan area as defined as those areas not covered in part (b):

\$0.196 million.

- (i) How much of the money identified in part (c) came from the Department of Fire and Emergency Services budget;

All, however the funding source was from the Consolidated Account.

- (ii) How much of the money identified in part (c) came from the Royalty for Regions budget; and

None.

- (iii) What transfers of funding occurred between the Royalty for Regions fund and the Department of Fire and Emergency Services budget in relation to this funding; and

None.

- (d) Can you confirm that the 2016-17 budget papers identified in Budget Paper 2 volume 2 page 607 in the line item Volunteer Fuel Card program forward estimate Department of Fire and Emergency Services funding of \$1.81 million for 2018-19 and \$1.855 million for 2019-20 for the Volunteer Fuel card:

That is correct – Budget Paper 2 is rounded to three decimal places

- (i) Can you confirm that the 2016-17 budget papers identified in Budget Paper 3 page 195 under Royalty for Regions Expenditure line item Volunteer Fuel Card forward estimate Royalty for Regions funding of \$1.8 million in 2018-19 and \$1.9 million for 2019-20 for the Volunteer Fuel Card?

That is correct – Budget Paper 3 is rounded to one decimal place

2017-18 Budget Estimates Hearings - Additional Questions

Department of Fire and Emergency Services

Hon Colin Holt MLC asked:

1. Could you please provide details of the funding the Western Australian Government has allocated for the RAC Rescue Helicopter that is based at Jandakot - for each of the years 2016/17, 2017/18, 2018/19, 2019/20 and 2020/21?

Answer

Funding provided by the Western Australian Government for the RAC Rescue Helicopter based at Jandakot is detailed in the table below:

Funding allocated by WA State government	2016-17	2017-18	2018-19	2019-20	2020-21
	\$000	\$000	\$000	\$000	\$000
Jandakot ERHS CA Funding	7,673	7,490	7,581	7,680	7,679
