Dear Ms Parsons

**TRANSCRIPT OF EVIDENCE – STANDING COMMITTEE ON ESTIMATES
AND FINANCIAL OPERATIONS**

I refer to your letter of 26 April 2012, requesting confirmation of the transcript of evidence from the Committee hearing held 23 April 2012.

As evidenced on Page 12 of the transcript, I gave an undertaking to check the release status of the Quarterly Reports to the Partnership Forum, before providing copies to the Committee. This information has been provided to the Treasurer and will be addressed in separate correspondence to the Committee.

Furthermore, on page 5 of the uncorrected transcript, I advised that:

“off the top of my head, I think we are dealing with a base expenditure of about \$2.5 billion per annum going through to not-for-profits”.

Expenditure to the not-for-profit sector is approximately \$1-1.5 billion per annum, and not the \$2.5 billion as originally advised. I have attached the supplied transcript, signed and dated the first page and initialled all following pages.

I trust that this information is of assistance.

Yours sincerely

Timothy Marney
UNDER TREASURER
