Dear Ms Jewell

Incorrect Factual Information – Inquiry into Public Sector Expenditure

Please be advised that I wish to correct a figure provided to the Standing Committee on Estimates and Financial Operations Subcommittee Inquiry into Public Sector Expenditure.

On pages 3 and 11, I make reference to 5 500 additional students coming into the public system during 2009.

This figure has now been confirmed in the finalisation of census figures as 4 294 additional students to the public school system.

Please advise if further information is required.

Yours sincerely

SHARYN O'NEILL
DIRECTOR GENERAL
