Dear Mr Travers

DEPARTMENT OF TREASURY SUPPLEMENTARY INFORMATION

I refer to your letter regarding the supplementary information requested from the Department of Treasury at their appearance before the Standing Committee on Estimates and Financial Operations on 29 July 2013.

Under long standing convention, it is understood that Cabinet documents are considered confidential to the government that created them. With regards to question A4, the Albany to Bunbury gas pipeline, the Government's decision regarding the project is considered to be covered by Cabinet Confidentiality as it was considered during the 2013-14 Budget process.

Yours sincerely
