

I live in Morangup and enrolled my 9 year old daughter into Toodyay District High School. I am without a license and need to rely on the school bus service to get my kids to and from school. Unfortunately I had to change schools because there is currently no bus servicing our area to TDHS, we live in the Toodyay Shire for goodness sake! And the nearest bus stop is 20 minutes from our house (not convenient when I cannot drive). If my son who is in year 7 was attending TDHS then a bus would come here and my daughter would then be able to join as a complimentary passenger but when choosing a high school, Eastern Hills SHS is apparently the closest high school to us. And now my son is a complimentary passenger meaning he could be kicked off at any time and I would then have no way to get him to school. Either way I do it, one of my kids isn't eligible for the bus service so I have to pray that an 'eligible' child doesn't take my son's 'complimentary seat'.
