Attention: Principal Research Officer

Joint Select Committee on End of Life Choices  
Legislative Assembly  
Parliament House  
Perth WA 6000

I wish to put forward my support for End of Life Choice for people in unbearable, incurable pain at the end of their life.

Palliative care is a good option to help ease suffering, but it is a fact it does not always work, therefore some people suffer for days, weeks or even months at the end of their life. In my opinion everyone deserves the right ask for a peaceful end to their suffering in a safe and legal manner.

Yours sincerely,

Sara Cox
