As a member of this society I want to see an independent and active approach to animal welfare in WA. Any attempt to curtail this approach and impose a structure that does not safeguard the welfare of animals will never have my support. As more evidence is coming to the fore on the live animal trade with countries that have no animal welfare laws and no regard for animals and subject them to the most barbaric and cruel treatment I have always wondered how long it would take for the parliament to step in and stop this exposure. I strongly believe that the government should provide more financial help without strings attached to help improve the welfare of all creatures great and small. Please ensure that the RSPCA maintains its independence so that it ensures that animals are not subject to the vagaries of mankind.

Thanks for your consideration of this request.
