

PUBLIC

Dear Madam.

*We are residents of Yangebup and live at \_\_\_\_\_ for tree years. We have noticed that the bad smell and dust coming from the Cockburn Cement works is getting definitely worse. At times, the smell is so bad that we can not enjoy sitting outside in our garden. We both have problems with sinus which is definitely aggravated by dust pollution.*

*All we ask for is the possibility to breath, fresh air Free of Dust and Smell.*

*Yours truly,*

*Frank and Erika van Wees.*

A handwritten signature in cursive script, appearing to read "Frank and Erika van Wees", written over a horizontal line.
