The Chairman
The Honourable Max Trenorden - MLC
Standing Committee on Public Administration
Parliament House
PERTH WA 6000

Dear Hon. Trenorden

INQUIRY INTO WOODEN POWER POLES

Council for the Shire of Menzies refers to the above and pleased to be given opportunity to comment in this regard and indeed supports the intention to avoid or minimise the use of wooden power poles wherever possible and indeed supports the provision of steel or concrete power poles as a favourable alternative to wooden power poles.

Accordingly we wish you well in the endeavours or your Standing Committee and thank you for the opportunity to comment.

Yours faithfully

B W Seale JP
Chief Executive Officer
Shire of Menzies
