Subject: Euthenasia

I am a concerned voter and resident of Western Australia. I have heard that the Western Australian parliament may be considering voluntary killing of of our aged and infirmed.

I strongly disagree with this policy and this course of action. If this was to be enacted who would play God and make final decisions to murder the weak? especially in the case of those unable to protect and/or communicate for themselves.

A Doctor's hypocratic oath is sworn to protect and uphold life. You would be asking not only the law to be changed, but for Dr's to deny their oaths. and also the very fabric of our civilized society to be lessened.

The Hippocratic Oath that has guided doctors for over 2000 years, states

"I will use treatment to help the sick according to my ability and judgment, but never with a view to injury and wrong-doing. Neither will I administer a poison to anybody when asked to do so, nor will I suggest such a course.*"

Please uphold Decency and Life as you are elected to do. Protect the every day Joe Blow. The Mums Dads Grandparents Children of W.A.

Thank you
