Subject: Personal Submission Regarding my own preferred End of Life Choices

I submit the following for the Consideration of the Joint Select Committee:

1. Review current practices with the view of facilitating assistance to a person who wants to exercise their preferences for the way in which they intend to manage their end of life when experiencing chronic and/or terminal illnesses.
2. Review current legislative frameworks including proposed legislation in other Australian states and jurisdictions present overseas.
3. Consider changes to State and Federal legislation that impedes personal choices of End of Life Management.
4. Ensure that Advanced Health Directives and Enduring Power of Attorney are respected and acted on as stated by me.

I hope that your work will lead to legislation I sincerely wish to be in place when it comes to my end of life.
