

Hi,

Myself and my young family just moved to the keysbrook community. [REDACTED] to be more specific.

we were sold on the great little community, being able to live within the beautiful surrounds and a clincher was certainly that our young sons can catch a bus from preece rd keysbrook to court grammar where they were already going to school.

we are yet to use the bus service as our sons are quite young our eldest still in pre primary. so we have been driving them to court grammar but this isn't sustainable in the medium to long term. next year we are going to send our eldest on the bus.

please don't cancel this bus run. i cant see it being possible for us as a family to maintain driving to school twice a day everyday and maintaining both working full time.

i'd hate to have to leave over a bus service that was here when we arrived.
