Ms. Amber Jade Sanderson M.H.A.
 Chair of Joint Comm. End of life choices

Dear Ms. Sanderson,

I'm writing in support of any laws that will allow voluntary euthanasia or assisted dying in W.A. It is something that I really believe should be available to those who wish to be relieved of pain and suffering with no chance of improved health.

Ultimately I want to have the right personally to determine how & when my life is to end, however I would also like to be able to get

medical help for a peaceful death, as long as I am competent and have been informed of all alternatives.

Thank you for considering my submission on this extremely important matter.

yours sincerely
