

Vinko & Jakica Tulić

18.10.2010

Monday

To Whom It May Concern,

This letter is our submission into the Parliamentary Inquiry into Cockburn Cement-Munster.

We would like to see Cockburn Cement move to another location, or removed altogether.

This is mainly because due to health reasons. We have dust emissions often around our house and property, due to that it impacts on our health and others health around us.

Not to mention the odours as well, especially on windy days.

Thank you for your time.

Sincerely
