

As we reside in Ravenswood WA my children currently attend Pinjarra High School..they catch Transperth buses ...Bus drivers (not all) are very rude to the kids when they don't have money on card ..this service to get my children to school costs me hundreds per year ..I strongly believe there needs to be a change in the service (orange buses specific for school children )it seems extremely unfair that families are penalised for living in Ravenswood only 10km from the school
