Subject: Submission: End of Life Choices Inquiry

Dear Members of the Joint Select Committee on End of Life Choices.

Thank you for the opportunity to send in a submission.

My wife and I are both 75 Years.

We have had a number of relatives who died of cancer. (6) Others have died from some other sickness.

They were cared for by family members, Silver chain and the like until the end of life. The palliative care in a hospice was also excellent.

To allow euthanasia to become permissive is contrary to the giver of life's law. God the Creator is the only one who can determine when the end of life is there.

The matter should not be how we can help someone die, but how we can help those who are dying to be as comfortable as possible.

As said above the most important matter is that it is against God's will. He will also ask us when we die, what we have done in the matter of this debate.

Furthermore if euthanasia is legalised it is only one step more to kill some one, once he or she get a bit old and is too much of a burden to society, kill him or her.

Have a look overseas. The Netherlands, Belgium.

Member of the committee our prayer and request is DON'T ALLOW EUTHANASIA TO BECOME LEGAL!

Yours sincerely,

Bert and Klazien Vermeulen
