- RSPCA Inquiry Submission

Hello

I would like to submit my account of my dealing with the RSPCA.

On 18.6.14 I rang the RSPCA and spoke to Amy. I asked what I can do to prevent the neighbour's cat eating snail pellets in my garden. I did not want to harm the cat.

I was surprised with the RSPCA response that I would be prosecuted if anything happened to the cat. I was threatened by the RSPCA. I felt fearful.

I took my complaint about this matter to the RSPCA and Manager - Jackie just wants to argue and tries to imply I am threatening. I am not. Jackie just wants to argue. Jackie will not give me the CEO's phone number and says he will ring me. The CEO does not ring me.

28.7.14 I ring RSPCA to see what has happened to my complaint. They have no record of it. Linny takes my details and says CEO will ring me.

5.8.14 CEO David rings and listens for about 15 seconds then hangs up. He isn't interested.

David was lucky I did not drive to his office and punch him as His staff threatened me and I would have had to defend myself.

I will decide later if I want to appear in person at the inquiry.

Regards

Ormonde Waters
