Subject: RSCPA - select committee be established to inquire into the operations of The Royal Society for the Prevention of Cruelty to Animals Western Australia (Inc),

Dear Sir/ Madam

Regarding the The Legislative Council ordered that a select committee be established to inquire into the operations of The Royal Society for the Prevention of Cruelty to Animals Western Australia (Inc), including an examination of —

- (a)its funding from the government;
- (b)its objective; and
- (c)the use of its powers.

I would like to express my support for the RSPCA. The organisation should exist to prevent cruelty to animals and to enforce the laws regarding Animals and where indicated I believe prosecutions should be pursued against those breaking the law , whoever they may be.

All too often animal protection is only pursued only if profits or powerful property owners or businesses are NOT affected. This is wrong and immoral. The RSPCA should be a strong organisation which operates within the law for the good of all animals – a moral organisation.

I hope having a Chair who is a member of the Hunters and Fishers Party does not bias the committee in any way or dilute the powers of the RSPCA to prevent animal cruelty? It seems an unusual choice for Chair??

Yours sincerely

Maddy Swann a concerned voter!
