

I was born in Australia but my family is from Romania

Year 5

Im 11

I get food from other kids

Not many days

We dont have much food from Romania because we eat many traditional dishes

Before and After School

We sometimes get takeaway

I get food from my extended family

I have no situation with having the food I need, i have the food i have to eat

I've learnt about food in Health lessons

We could have one healthy day and all have a lunch with healthy fruits and vegetables
