Subject: Submission: End of Life Choices

Dear members of the Joint Select Committee on End of Life Choices,

We are writing to you, because we are very concerned about your mandate as stated in the "Terms of Reference".

We are of the opinion that there is no need for laws in Western Australia to allow citizens to make informed decisions regarding their own life choices.

We know that there are places where those laws exist.

We realise that life can be hard to continue for certain people in certain circumstances.

We have the conviction that God created life. He gives life and takes life at His time.

The government is given by God to protect life and not to legalise that any human being can take his/her own life or have it taken by someone else.

We plead with you to urge the government not to go on that road; it is a 'dead end' road.

Yours sincerely,

Hilbert and Anne Gunnink
