**Subject:** Choice for Voluntary Euthanasia

Dear Sir,

This is my submission for the above subject. I have been nursing in WA for fifty years, acute hospital, palliative care and nursing homes to name a few areas. I have watched people suffer terrible pain and beg me to allow them to die or relieve their pain which I was unable to do, even with modern day drugs. Please I don't want to be here anymore knowing the not only am I suffering but also my family, please let me die. It is a terrible situation that needs to be rectified as soon as possible.

I feel very strongly that human beings should have the end of life choices and I certainly want to be able to choose when I wish it to be carried out without opposition from government, doctors or anyone else for that matter.

Yours Sincerely,  
Terri Margaritis,
